SUBJECT: Election Night Reporting – Auto-County Template Files

The auto-county template files for the February 5, 2008 Presidential Primary Election are now available. They have been pushed out to each county's Calvoter workstation. These template files contain an additional row for each Democratic and Republican Presidential candidate by congressional district, which will need to be reported **Election Night** February 5, 2008 for the Presidential Primary Election.

PLEASE NOTE: The election night reporting requirements will NOT include the Decline To State vote results. The Decline To State vote results will need to be reported during the Statement of Vote process.

You can find all the specifics regarding the template file and the reporting process in the Auto-County Certification and Users Guide (CCROV 07253).
